» ***About the trip accident's insurance***

- ESEI does not include the trip accident's insurance to Spain due to economic reasons. We recommend to hire this insurance in your home country since it is more economical.
- If the teams decide that the insurance has to be hired by ESEI, it will have to be checked out of the listed prices from the next slide chart.
- In case that the international teams choose to hire the insurance from their home country, they must send a copy to ESEI's policy before the group's arrival to Madrid.
